Tim Woodson, student in Mrs. Eye's Sixth-grade class, is shown above with his friend and guest speaker, Harold Wyatt. Mr. Wyatt is a Civil War enthusiast.

Sixth-graders Develop Skills In Writing Research Papers

Developing skills in writing research papers heretofore has been what you might call a "drag". This is not the case now says Mrs. Eye's sixth-grade class!

Freedom to select a topic with high personal interest and using audiovisual aids created by the students provided the essential motivation. Students were encouraged to invite guests to supplement the oral presentation of their reports. Sample topics included: World War II, Appomattox County Jail (personal research and interviews), Jobs in the Community, Firearms, Airplanes, Thailand, Music, Robert E. Lee, The Civil War, The Foundry, Auto Racing, Scotland, Pyramids, etc.

To supplement his topic of World War II, Mark Drinkard invited a guest speaker, Mr. James Smith. Mr. Smith gave an account of his experience as a prisoner-of-war.

With student interest running high, Tim Woodson had as his guest a Civil War enthusiast, Mr. Harold Wyatt. Mr. Wyatt donned a Confederate soldier's uniform, provided a brief historical background, and displayed a sample of his relic collection.

Jill Noble's guest was Mrs. Janet Noble. Using a question / answer technique, Jill and her mother provided an educational insight into customs of Thailand.

Mrs. Eye's class has also been studying drugs as part of a health unit. On Februrary 24, 1977, Herbert Chambers, Investigator with the Virginia state Police, presented an interesting slide program of different types of drugs and harmful effects of nonprrescribed use.

We are grateful to these community resource people for enhancing our educational program.

It's funny how much easier it is to say what's on your mind sitting around the kitchen table.

For a hundred years farmers have been among Fidelity's most important customers. And during that century, we have found out one thing for sure: farming is the most individual business in the world.

There aren't any quick and easy formulas because every farmer has his own individual problems. And whether your situation calls for a loan from us, a personal introduction to one of the many government agencies set up to assist farmers, or simply some sound financial advice, we're the kind of bank who will get down to business with you in the kitchen over a cup of coffee.

You're in a complicated business. Money management is as important as land management. Maybe more important. That's where we come in. First to talk with you...then to *work* with you. Farming is your business; financial management is ours. Let's get together.

The camp is located in Craig County in the heart of the Blue Ridge Mountains near Fincastle A prime objective of Camp Easter Seal is to stimulate an awareness of abilities instead of disabilities.
